Experience

SENIOR WRITER & PROJECT MANAGER, CVR – 2.2018-12.2024

Caldwell VanRiper is Indianapolis' oldest ad agency with a long-respected reputation for innovative, quality work. As a writer at CVR, I have continued to expand my writing portfolio in collateral, video, social media, outdoor media, radio, long-form articles, web and more for local, national and global clients in a variety of industries, from Allison Transmission, Harney & Sons Fine Teas, The Nature Conservancy of Indiana, Republic Airways, Central Indiana Orthopedics, FSSA's On My Way Pre-K, United Way of Central Indiana, Indianapolis Symphony Orchestra and more.

While initially hired as a writer, my organization and leadership skills were recognized when the opportunity came to add those talents to the agency through also taking on the Project Manager role. I am able to wear both my creative hat and my get 'er done hat. I very much enjoy helping to keep jobs moving, schedules updated and being on top of what's happening across the agency.
