**Preheader:** It's time for two new teas and a giveaway.

When you must have a cup of tea, reach for our new Disney Collection blends, Alice and Mad Hatter! Our latest collaboration with Disney, Alice and Mad Hatter, were, of course, inspired by the classic characters from the iconic Disney movie.

**Alice Wonderland Blend:** A curiously wonderful tea, this black tea also has silver tips for when you're feeling more refined. We flavored it with strawberry and fig – that's fig, not pig! – and finished it off with some whimsical blue cornflowers reminiscent of Disney's Alice herself.

**Mad Hatter Wonderland Blend:** We created our Disney's Mad Hatter blend with a classic Earl Grey, perfect for every madcap tea party, and added Milky Oolong for a creamy, dreamy smoothness. A cup of this won't help you answer ridiculous riddles, but then again...it just might!
